INFORMATION DISCLOSURE STATEMENT

1. The listing of references in the "Supplemental Paper for Third Supplemental IDS" filed on 8/16/04 is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

The listing of references in the "Supplemental Paper for Third Supplemental IDS" filed on 8/16/04 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.

REASONS FOR ALLOWANCE

2. The following is a Patent Office's statement of reasons for allowance:

The prior art does not teach or fairly suggest all of the limitations of the claimed invention including a method of manufacturing a three-phase transformer with a step of mounting the coil blocks carrying columns between the plate-like elements in a spaced-apart parallel relationship of the column-like toroids, such as to form a spatial symmetrical structure about a central axis of the transformer, spacers between the elements of the magnetic circuit of the transformer being filled with a material containing a magnetic powder.

Applicants' Comments filed on August 13th 2004 (Cf. page 9), which are incorporated herein by reference and made a part hereof as though they were fully written, are persuasive to the issue of patentability.

Any comments considered necessary by applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
